## WORK EXPERIENCE

### Sogei S.p.a.

📍 Rome, Italy

#### Cybersecurity Auditor January 2022 - current

- Performed in-depth penetration testing of government websites, in strict accordance with the OWASP Top 10 standard, using advanced tools to detect and identify vulnerabilities and propose effective security upgrades.
- Conducting comprehensive static code and library analysis for applications written in various programming languages, utilizing industry-leading tools like Checkmarx and Nexus IQ. Skilled in identifying and addressing security vulnerabilities, while upholding code quality standards.
- Python scripting to automate tasks, streamline processes, and develop custom solutions, enhancing efficiency and productivity in various professional contexts.
- Proficient in implementing robust security measures within Azure Pipelines to ensure the integrity and confidentiality of CI/CD processes, aligning with best practices in software development methodology.
- Providing hands-on support to establish comprehensive secure code guidelines for diverse programming languages such as Java, Angular, .NET, iOS, Android, PHP, and React, ensuring the creation of robust and secure software applications.
- Proficiently executed staff training, onboarding initiatives and produced engaging video tutorials to effectively convey security tools

### Istituto omnicomprensivo statale

📍 Corleto Perticara, Italy

#### Teacher Dec 2019 - Dec 2021

- Educational VR, 3D modelling, coding through robotics, Office suite

### Graldev S.r.l.

📍 Potenza, Italy

#### Software Developer

 Sep 2019 - Dec 2019

- Development frontend and backend website in Java, C#, HTML, JavaScript and CSS
- Development and debugging of mobile applications in Swift and Android
- Database management with SQL Server and MySQL

In compliance with the GDPR and the Italian Legislative Decree no. 196 dated 30/06/2003, I hereby authorize you to use and process my personal details contained in the document

## EDUCATION

### M.Sc. Computer Engineering

#### Università degli studi della Basilicata

Thesis: Pixel wise segmentation of work piece images for automotive application

 Sep 2017 - Jun 2021

### B.Sc. Computer Science

#### Università degli studi della Basilicata

Thesis: Experiments in reconstructing the RADAR footprint of buildings using sequences of SAR images

 Sep 2012 - Jul 2017

### CEH – Certified Ethical Hacker

#### EC-Council

 Jun 2023

### SciRoc Challenge - Winner of Sign Language Interpretation task

#### Smart City Robotics Challenge

 Sep 2021

## SKILLS

Ethical Hacking Web Penetration

Testing Static Application

Security Testing Static Code

Analysis WAPT SAST SCA CI/CD

Secure Coding Guidelines

Security Awareness Training

Software Development Machine

Learning Project management

## IT SKILLS

### Programming Languages:

Python Java C# .NET SQL Javascript  
HTML CSS Matlab C++ OpenCV CSS

### Tools:

Burp Suite Checkmarx NexusIQ Nmap  
Dirbuster Kali Azure Net Beans  
Eclipse Anaconda Jupyter Git  
Android Studio

## Languages

Italian - Mother Tongue, English - Fluent,  
French - Beginner
